

Minnesota Jewish Community Foundation Our Value and Impact

At the Minnesota Jewish Community Foundation (MN JCF), we are building a better world through *tikkun olam*. As one of the largest repositories and conduits for Jewish charitable giving in the Upper Midwest, MN JCF provides the long-term financial underpinnings that ensure our Jewish community's future continuity.

With years of Jewish philanthropic experience under our belts, we provide **individuals and families** with unique expertise, advice and support, valuable tools, and the professional know-how to make their philanthropic giving personalized, thoughtful, and tax beneficial. MN JCF offers a variety of planned giving vehicles, such as donor-advised funds.

Giving through a fund is easy, tax-deductible¹, and grows tax-free over time so you have more to give. You receive your tax deduction each time you add money to your fund and then can donate on your schedule when you want to without reference to the tax year.

We also hold and grow endowment funds for **Jewish organizations**, helping them have a sustained and perpetual stream of income in a cost-effective and collaborative way.

We serve **professional advisors** by helping them learn how to have or elevate their philanthropic conversations with clients. When advisors include philanthropy in their client conversations, they are serving their clients comprehensively, creating deeper relationships with them.

MN JCF currently manages and administers **\$163 million in assets** in approximately 1075 funds for individuals, families, and 17 local Jewish organizations. 25% of MN JCF's assets under management are those of the 17 local Jewish organizations (including the Minneapolis Jewish Federation) that have entrusted MN JCF to oversee investments of their endowment funds.

In 2023, we helped our individual and family fund holders send out over **\$9.5 million** in grants to a variety of non-profits.

Our Value to Our Clients

MN JCF provides unique value and a customized suite of services for each fund holder or family based on their philanthropic goals. As these goals evolve over the client's lifetime, we continuously provide support of their philanthropy.

Jewish Lens and Impact

Jewish Philanthropy	<p>Our unique mission helps our fund holders fulfill <i>tikkun olam</i> and give through a Jewish lens.</p> <p>We are the <u>only</u> entity in our community with the mission to elevate Jewish philanthropy through planned giving.</p> <p>Giving. Your Way.</p>
Jewish Collective Impact	<p>Grants that individuals send out make a positive impact. The total annual granting from our fund holders as a community total in the millions, which are</p>

	<p>send around the world. Not only do you make an impact individually, but you also make an impact as part of the greater MN JCF community.</p> <p>This granting impacts not only the Jewish world, but also the secular world. Grants from the Jewish community have “Jewish” in the name, which says to that secular organization that the Jewish community cares about them.</p>
<p>Keeping it in the Community</p>	<p>100% of what you do through MN JCF is charitable. Making grants to non-profits. Also, the administrative fee is like a donation that goes to another Jewish non-profit; it supports a local Jewish organization and stays within the community, which allows you to maximize your charity. In addition, whenever grants are sent from your fund at MN JCF, they have the word “Jewish” in them, which lets the non-Jewish recipients know that the Jewish community cares about them. We call this the triple mitzvah.</p> <p>This allows us to do the important work in and for our community.</p> <p>In comparison, when you have a fund a corporation or non-Jewish entity, some or all of their fee goes to corporate profits, not to charity.</p>

	<p>MN JCF's guiding principle is to charge the lowest administrative fee that, nonetheless, enables MN JCF to effectively support its mission. We periodically review our administrative fee structure to ensure that it remains competitive.</p> <p><i>*The administrative fee is charged monthly based on the average balance of the fund (calculated using the beginning and ending month balances) and deducted directly from your fund in the following month.</i></p> <p><i>*Depending on the asset amount in this type of fund, as laid out in this table, it may be subject to a multi-tiered fee structure.</i></p>		
Tax Benefits	<p>When you donate to a fund, each gift is generally eligible for an immediate tax-deduction.²</p> <p>There are potentially many tax benefits to opening a fund at MN JCF. Donations of appreciated assets (e.g. stocks, bonds, mutual funds, ETF's), will save you from paying capital gains taxes.³</p>

<p>Statements and Other Important Documentation</p>	<p>Tax Letters. Each time you make a tax-deductible donation to add assets to your fund, we provide you a tax letter for your records.</p> <p>Quarterly Statements. ⁴ Past performance of the investment options does not guarantee future results. More detailed information can be provided upon request.

Making Grants	<p>Making grants is streamlined and simple. You add assets into your fund, and we take care of sending your grant recommendations and acknowledgement letters for you.</p> <p>You may add to your fund anytime, recommend grants from the fund at your convenience, and make as many grants as you wish throughout the year.</p> <p><u>Please note that under federal law fund holders have <i>advisory authority</i> (aka, the right to recommend grants), but not legally binding control over the charitable donations. This is because under the law a donation to a charity is an irrevocable gift and the donor retains little authority over the use of expenditure of the funds. In exchange, the donor is entitled to a tax deduction for the donation.</u></p> <p>Therefore, each grant recommendation must be reviewed, vetted, and approved through MN JCF’s compliance process. During this process, MN JCF staff shall determine that each grant recommendation:</p> <ul style="list-style-type: none"> a. Is made to a valid 501(c)(3) organization; b. Is consistent with the mission of the Federation; and c. That the distribution complies with current IRS regulations and current law. <p>It is very rare when we are unable to process a grant recommendation vetted through our compliance review. If that occurs, we will get in touch with the fund holder to discuss alternatives.</p>
